

## Appendix A

### Description of Special Nutrition and Commodity Distribution Programs

- *National School Lunch Program/NSLP* (7CFR 210) provides reimbursement for nutritious lunches that provide 1/3 of the Recommended Dietary Allowances served to any child attending a public or private non-profit school or residential child care institution; and for snacks served to children in certain afterschool programs.
- *School Breakfast Program/SBP* (7CFR 220) provides reimbursement for nutritious breakfasts that provide 1/4 of the Recommended Dietary Allowances served to any child attending a public or private non-profit school or residential child care institution.
- *Child and Adult Care Food Program/CACFP* (7CFR 226) provides reimbursement for healthy meals and snacks served to children receiving day care in centers, homes or congregate meals in homeless shelters; to school children in afterschool programs; and to adults in centers.
- *Summer Food Service Program/SFSP* (7CFR 225) provides reimbursement for free, nutritious meals served to low-income children during summer when the normal school year is not in session at diverse sites including schools, community centers, churches or camp.
- *Special Milk Program/SMP* (7CFR 215) provides funds on a reimbursement basis to serve milk to children in schools and child care institutions that do not participate in other federal child nutrition meal service programs - primarily private, religious schools.
- *Food Distribution Program/FDP* (7CFR 251) provides commodities to schools participating in the National School Lunch Program.
- *The Emergency Food Assistance Program/TEFAP* (7CFR 251) provides surplus agricultural commodities to thousands of charitable institutions, soup kitchens, school food authorities and food banks serving needy persons throughout the country.
- *Commodity Processing Program/CPP* (7CFR 252) provides an opportunity for private processors to process and distribute designated donated foods to eligible recipient agencies, enabling these agencies to purchase processed end products at substantially reduced prices.
